

U Shaped LED T8 Tube Light

0.6m U shape LED T8 tube light

Optical Parameters:

Luminous efficiency: 90lm/w
Luminaire efficiency: 90%
Color Temperature:
Warm White: 2700-3500K
Neutral White: 3500-5000K
Cool White: 5000-7000K

Electronical Parameters:

Input Voltage: AC85-277V
Frequency: 50-60Hz
Power Supply Efficiency: 88%
PFC: 0.95

Other Parameters:

Operating Temperature: (-20-50°C)
Stock Temperature: 0-50°C
Main Material: Aluminum Base + Aluminum Housing
Life span: 50000 hours

Specifications Curves Beam Pattern Projects Comparison Features
