

TROFFER DISH CENTER SPLIT

Recessed Direct/Indirect T-Bar Luminaire

FEATURES

Split, basket shaped perforated metal shield.

Translucent, opal white acrylic diffuser overlay.

Clean appearance. No exposed fasteners.

Uses T5, T8 or Biax lamps.

APPLICATIONS

*Office Areas
Retail Stores
Class Rooms
Corridors*

APPLICATION FEATURES

Premium-grade, recessed, high performance, lay-in direct/indirect covered T-bar troffer with modern styling and high visual comfort. Comes with split basket shaped perforated metal shield. Available in 2'x2' and 2'x4' configurations. For use in indoor applications where low glare, high quality and ease of installation are required.

CONSTRUCTION

Die and brake formed, heavy gauge cold rolled steel housing assembly. Precision formed, cold rolled steel reflector. Die formed, perforated cold rolled steel shielding. Metal shielding flexes over mounting studs on housing, for easy installation and re-lamping. Wiring access plate or knockouts are provided on back of housing, for flexible conduit attachment.

MOUNTING

Holes provided for chain mounting support to building structure. Integral earthquake clips.

FINISH

Powder painted matte white visible surfaces.

OPTICS

Shields are perforated for direct illumination and contain a translucent opal white acrylic overlay diffuser for visual comfort. Indirect reflectors are precision formed and contoured to provide soft, low glare indirect illumination while maintaining high efficiency and a wide uniform lighting distribution.

ELECTRICAL

All electrical components are UL listed or CSA approved Lamp holders provided ensure positive lamp retention. Fixtures are provided with an access plate, to facilitate wiring to external power source. Sufficient knockouts are provided for connections and through wiring. Approximately 6" ballast leads extend through wiring access cover, in order to facilitate external wiring of luminaire.

APPROVALS

Approved to CSA and UL standards. (UL, or equivalent, marked only when specified.)

OPTIONS

- Non perforated matte white shield.
- 20 gauge welded construction.
- Air supply/return slots.
- Polycarbonate rotary lock lampholders.
- No cartons - Bulk packed and wrapped on pallets.

OPTIONAL ADDERS

- Emergency lighting power pack.
- Radio interference filter.
- Fuse holder.
- Flexible metal whip - 6' x 3/18 gauge conductors.
- Modular wiring system (consult factory).
